### ABOUT ME

I am a product designer with 5 years of experience with a strong passion for aesthetics and design.

I love solving problems, creating new features, and improving products to ensure a seamless user experience.

### WORK EXPERIENCE

#### PRODUCT DESIGNER

Monkeytech (*Live person & Eko outsourcing*)

2019 - Present

- Led the design of multiple successful products.
- Conducted research to understand user needs, preferences, and behavior.
- Created simple and usable user experiences.
- Worked closely with cross-functional teams, including engineering and product management.
- Created wireframes, prototypes, and high-fidelity mockups using design tools such as Figma, Sketch, and Adobe.

#### GRAPHIC DESIGNER

Irit Hayon Branding House

2018-2019

- Developed and design brands and visual identities for clients from various fields and industries, including logos, packaging, and prints.
- Created a range of digital assets, such as websites and social media graphics.
- Collaborated with clients to complete design projects from concept development to final execution.
